Construction in County

23 May 19 85 Heber City (May 15) Preliminary approval was granted today by the Wasatch County Commission for two construction

projects.

Clift Jordan was granted approval for an RV and mobile home park to be located on his property at Jordanelle. The Jordan Ranch Mobile Home Park will feature 50 mobile home sites, on 14 acres, and an 80 unit RV park to be situated on 121/2

The commission also approved Brent Hill's plan for construction of the Daniels Summit Inn. This project will be located at the summit of Daniels Canyon across the road from the site of the old Ace Bethers station. Plans call for initial construction of a service station, followed by a restaurant, motel, and cabins.

It was pointed out that a service station located at the summit of Daniels Canyon would be of special benefit to motorists in the winter as it could provide emergency services during storms.

Construction on both projects is slated to begin this summer.
